

ARAS
Serial No. 09/331,756

REMARKS

Upon review by the inventor, the earlier amendment is being modified as above for the purpose of:

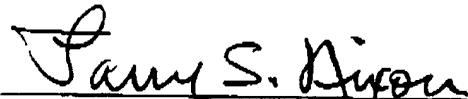

1. Changing claims 47-55 into the intended system claims corresponding to method claims 38-46. Clarifications are also included in claims 38 and 47.
2. Amending claims 32 and 35 to avoid the term re-broadcasting since, technically, the audio-video feeds to each remote site are not "broadcasts" -
- i.e., the remote sites "broadcast" but do not "re-broadcast".

Accordingly, with these changes, this application is now believed to be in condition for allowance.

Respectfully submitted,

NIXON & VANDERHYE P.C.
